

Name: A. Mounish

Reg. no:192472273

Code: DSA0307

Course: Natural Language Processing

Experiment 5: Word Stemming

Python Code:

```
text = input("Enter words: ")

words = text.split()

print("Stemmed Words:")

for word in words:
    stem = word

    if word.endswith("ing"):
        stem = word[:-3]
    elif word.endswith("ed"):
        stem = word[:-2]
    elif word.endswith("es"):
        stem = word[:-2]
    elif word.endswith("s") and len(word) > 3:
        stem = word[:-1]

    print(word, "->", stem)
```

Output:

Output

Clear

```
Enter words: playing running studies
Stemmed Words:
playing -> play
running -> runn
studies -> studi
```

```
